A new comment has been submitted at [socotransmission.com](http://www.usda.gov/rus/water/ees/ea.htm).

COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Radio or Television Interference, Noise, Health and Safety, Biological Resources, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential

Comment:

My husband and I are planning to retire to Walsenburg in the near future, so we purchased land in Majors Ranch. Proposed route 65 runs along our south lot boundary. This route would ruin our view of several mountains, which was one of the main reasons we bought this lot, plus devalue our retirement investment. We have a open range watering tank on the back of our lot that would pick up potential induction shock, rendering it useless. We plan to bring our horses with us and are concerned about the effects this will have on them.
